Work Experience

Peking University Institute

2023/07 - 2024/07

Web Developer

Changsha, China

Large Language Model Project:

- Background: Developed a chat application in medical field.
- Role: Independently handled the front-end part using React, TypeScript, Tailwind CSS.
- · Achievements:
 - Implemented multimodal chat (text, images), plugin system, and literature search functionalities.
 - Utilized **Server-Sent Events** for streaming text output. Managed server state with **React Query** and implemented **optimistic updates** to enhanced user experience.
- Impact: Delivered the first MVP within two months, receiving positive feedback within the company.
